CAPABILITY STATEMENT

Core Competencies:

Fechometal USA is a Self-Certified American Small Business, manufacturer of **high quality stainless steel products.**

Our products are designed to comply with telecomm, energy, construction, automotive, cable TV, signaling, marine and oil gas requirements.

Fechometal has experience worldwide. We have started this facility in Florida to better serve American costumers looking for an advantage in terms of cost, lead times and quality.

Differentiators:

. Fechometal USA has entered the American market with a strong commercial strategy, keeping its well-known quality standards.

. Its worldwide experience guarantees sustainability in every process.

. We offer competitive prices along with high quality products.

Past Performance:

Fechometal USA has sold bands, buckles and brackets to many cities and departments, like the City of Austin, TX; City of Hampton, VA; City of Portland, ME; Village of Lemont; to the California Bureau of Street Lightning and Union Sanitary District.

San Bar Construction Corporation

Scope of work: As end costumers, we provide them our bands, buckles and brackets for construction purposes and sign installation.
